

FEATURES

- Accurate regulation of an optimal airflow rate for precise motion control
- Tube direction and angle are controlled according to piping, as the main body can rotate up to 360° after assembly
- Needle rotation is increased to 10-12 times for easy speed and regular speed control

RS PRO

Straight Union Speed Controllers

RS Stock No.: 2351194

Metric Tube to Tube

Product Description

Part No.	Tube OD
2351194	4 mm

Features

- Accurate regulation of an optimal airflow rate for precise motion control
- Tube direction and angle are controlled according to piping, as the main body can rotate up to 360° after assembly
- Needle rotation is increased to 10-12 times for easy speed and regular speed control

General Specifications

Suitability	Air (No other type of gas or liquid) Do not use in water applications
Working pressure	1 to 10 bar (14.2 to 150 psi)
Working temperature	0°C to +60°C (+32°F to +140°F)

Materials

Body	PBT
Release sleeve	POM
O ring	NBR
Handle	Brass
