

"DEWALT" POWER TOOL - USA

NO. S 205-3 DEWALT 850W 4" 100MM SAG IRONMAN MP (PADDLE) DWE8200PL

DWE8200PL

- **Powerful Motor:** Equipped with an 850W motor, delivering a 64% increase in operating capacity for enhanced performance.
- **Paddle Switch:** Designed with a paddle switch for easy and convenient operation.
- **Ergonomic Design:** The fit-in-hand curve design offers better grip and handling, making it comfortable to use.
- **Slim and Compact:** The slim, compact design ensures comfortable and secure handling during extended use.
- **Durable Motor:** Features cut-off brushes to prolong motor life, ensuring long-lasting durability.

Item No.	Description	Weight	Price (set)
205-03-DWE8200PL	850W 4" 100mm SAG Ironman MP (Paddle) <u>Technical Specifications</u> Power Input : 850 W No Load Speed : 12000 rpm Max Disc Diameter : 100 mm Spindle Thread : M 10 Switch Type : Paddle	1.75 kg	

NO. S 205-4 DEWALT 850W 5" 125MM SAG IRONMAN MP (PADDLE) DWE8210PL

DWE8210PL

- **Dust Ejection System:** Effectively removes the majority of debris from the air that passes over the motor, preventing abrasion and tracking, thus extending the tool's life.
- **Ergonomic Design:** The small girth design allows the user to maintain a comfortable grip, enhancing ergonomics and control during use.
- **Anti-Vibration Side Handle:** Improves user comfort by reducing vibration, making it easier to handle during extended periods of operation.
- **Compact Gear Case:** Designed for easy access in confined areas, enabling versatile use in tight spaces.
- **Enhanced Durability:** Features fully leaded stator windings, which contribute to increased motor durability and longevity.

Item No.	Description	Weight	Price (set)
205-04-DWE8210PL	850W 5" 125mm SAG Ironman MP (Paddle) <u>Technical Specifications</u> Power Input : 850 W No Load Speed : 12000 rpm Max Disc Diameter : 125 mm Spindle Thread : M 14 Switch Type : Paddle	1.95 kg	

DWE4118

NO. S 205-5 DEWALT 950W 4" 100MM VARIABLE SPEED SAG (SLIDE) DWE4118

- **950W powerful motor** provides high working efficiency. The DEWALT Angle Grinder is equipped with a powerful 950W motor, making it ideal for cutting and grinding metal and steel on construction sites. It's perfect for a wide range of applications, including installations, repairs, and furniture work. The sliding switch allows for easy on/off operation, ensuring user convenience. This angle grinder offers a variable speed range of 3,000 to 11,000 RPM, providing versatility for different tasks. Additionally, its compact design and ergonomic handle ensure comfortable maneuvering and enhanced portability.
