

PIPE REPAIR BANDAGE

EMERGENCY SOLUTION FOR HOTEL MAINTENANCE

Unexpected pipe leaks can quickly disrupt hotel operations, damage property, and inconvenience guests.

Rapp-it Pipe Repair Bandage is a fast and reliable emergency repair solution designed to help hotel maintenance teams manage leaks efficiently and keep facilities operating smoothly.

WHY HOTEL MAINTENANCE TEAMS CHOOSE RAPP-IT

RAPID EMERGENCY LEAK CONTROL

Rapp-it helps to stem leaking pipes, especially in areas where a complete replacement is difficult, inaccessible, or requires extensive downtime. Rapp-it provides a quick temporary solution to prevent further leakage or damage.

REDUCES OPERATIONAL DISRUPTION

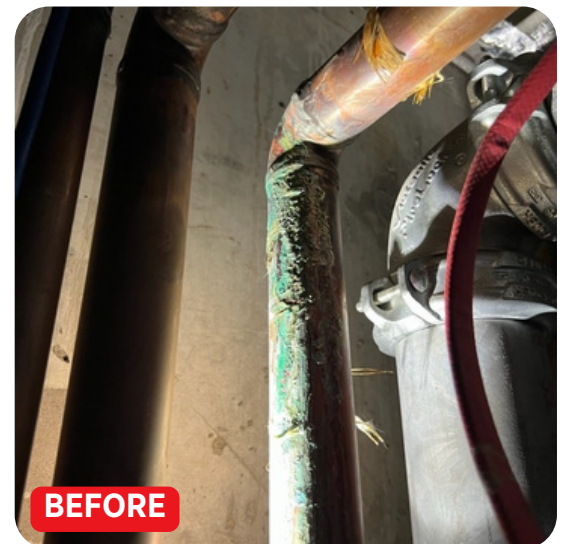

Leaks in guest rooms, kitchens, laundry rooms, or mechanical areas can cause significant operational changes. With Rapp-it, maintenance teams can quickly stabilize the situation and avoid unnecessary service interruptions.

STRONG AND DURABLE REPAIR

Rapp-it cures into a strong composite wrap that reinforces the damaged section of the pipe and withstands operating pressure and temperature conditions.

WORKS ON MULTIPLE MATERIALS

Suitable for a variety of pipe materials commonly found in hotels, including copper, steel, PVC, and other plumbing systems.

PIPE REPAIR BANDAGE

SIMPLE APPLICATION FOR MAINTENANCE TEAMS

No special tools or plumbing expertise required, simply:

- Tear of adequate amount of steel putty, knead, and apply to crack or hole
- Submerge the bandage in room temperature water for 20 seconds
- Wrap tightly around the damaged pipe or joint
- Once wrapped, massage the bandage to activate the resin
- Allow the pipe to cure and harden within minutes

IDEAL APPLICATIONS IN HOTELS

- Guest room plumbing leaks
- Kitchen and food service piping
- Laundry service area pipelines
- HVAC and mechanical room piping
- Emergency pipe joint reinforcement
- Hard-to-access piping where replacement is difficult

KEY BENEFITS

- Rapid response to unexpected leaks
- Helps to prevent water damage and operational downtime
- Easy to store in maintenance toolkits for emergency use
- Suitable for most types of pipes and hoses

BE PREPARED FOR UNEXPECTED PIPE FAILURES

Every hotel maintenance department should keep Rapp-it Pipe Repair Bandages on hand as part of their emergency repair toolkit. It is a simple, effective, and cost-efficient solution to quickly manage leaks and maintain smooth hotel operations.
