## RS PRO Male USB A to Male USB C USB Cable, 1m

RS Stock No.: 895-0495

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

**Product Description**

From RS PRO a reliable, high-quality USB cable terminated on one end with a fast and versatile male Type C connector and the other with a USB Type A male connector. This cable supports USB 3.1 protocol standard that allows for a Super speed Plus data transfer up to 10Gbps when connecting two USB 3.1 devices. Using this cable you can connect the latest smartphone or laptop that has USB C port to a host PC or charger which uses a Type A port.
