

Description

The abrasive glass fibre pencil is ideal for accurate and rapid cleaning, de-rusting and surface preparation on a variety of materials. The propelling pencil action exposes more or less of the glass fibres. The shorter the fibres showing, the more abrasive the action. Ideal for working with metal, wood, plastics and a host of other materials. For de-rusting, deburring & cleaning. Glass fibre refills are perfect for precise and effective material removal and the brass refills are used for more abrasive applications.

Features

- Propelling pencil action
- Glass Fibre Refills for Propellant Pencil (4mm) × 10
- For de-rusting, deburring & cleaning
- For metals, plastics & wood
