RS PRO Economy 1.5m x 1m x 16mm Thick Anti-Fatigue Mat

Feature:

Economical, loose lay, anti-fatigue and slip resistant mats. Made from hard-wearing NR/SBR rubber. Benefitting from raised studs on the underside, ensuring good drainage, and these studs also aid mat compression making them comfortable under foot over longer periods of time.

- Open holes design reduces risk of slipping
- Loose lay, no permanent fittings required
- Durable NR/SBR rubber material
