- Brakes included
- Rubber tyres
- Included top plate fitting
- Four fixing holes of 8mm
- Fixed rotation
- Plain bore hub bearings

RS PRO Swivel Swivel Castor, 70kg Load Capacity, 75mm Wheel Diameter

RS Stock No.: 828-6303

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

If you need a safe way to move appliances across your office or to set up a mobile chair or desk, this 75 mm general-purpose swivel castor is for use with light-duty transportable equipment. It rotates a full 360° for maximum mobility and can bear loads of up to 70 kg.

With its simple rectangular plate mount, you can attach this castor to your equipment quickly and easily. Its tyres are made of rubber, so your flooring is protected against marks and its pressed steel bracket and polypropylene hub mean it's durable, whether you use it indoors or on softer outdoor surfaces. The included brake allows for increased manoeuvrability and safety.

General Specifications
