Green Premium

Sustainable performance, by design

Confidential Property of Schneider Electric

Life Is On Schneider Electric

The Green Premium ecolabel was created to provide Schneider Electric customers with healthier products and be transparent with environmental and regulatory information.

Today, more than 75% of Schneider’s product sales come from Green Premium solutions that offer superior transparency and environmental stewardship.

Life Is On Schneider Electric

Life Is On Schneider Electric

Now, Schneider Electric is taking the Green Premium ecolabel further than ever before

Full portfolio scope
To meet customers' demands, we are expanding the Green Premium program to encompass our full portfolio.

Enabling green ambitions
Supporting our customers' sustainability efforts, helping them to achieve sustainable performance.

Ahead of regulations
Environmental requirements are getting stricter every year but Green Premium is staying ahead of the game.

Tailored to segments
Each sector has unique needs and Green Premium will now accommodate them.

Life Is On Schneider Electric

Meet the new Green Premium ecolabel

Schneider Electric products, services, and solutions receive the Green Premium ecolabel by meeting a number of pre-defined conditions

Compliance & superior transparency

Reliable information on regulated substances present in products, their environmental impact and circular instructions.

Superior business value (Well-being performance, Resource performance, Circular performance)

Tailored value propositions which provide differentiation for our products, solutions, and services.

Differentiating with claims and external labels

Validation by leading third party labels increases the credibility of our products' environmental profile to our customers.

Life Is On Schneider Electric

The upgraded Green Premium ecolabel is based on three pillars

Resource performance

Green Premium solutions improve resource-efficiency throughout an asset's life cycle. This includes the efficient use of energy along with the minimization of CO_2 emissions, water, air, and other natural resources. We perform Life Cycle Assessments and provide comprehensive and verified environmental footprints of our offers, available digitally.

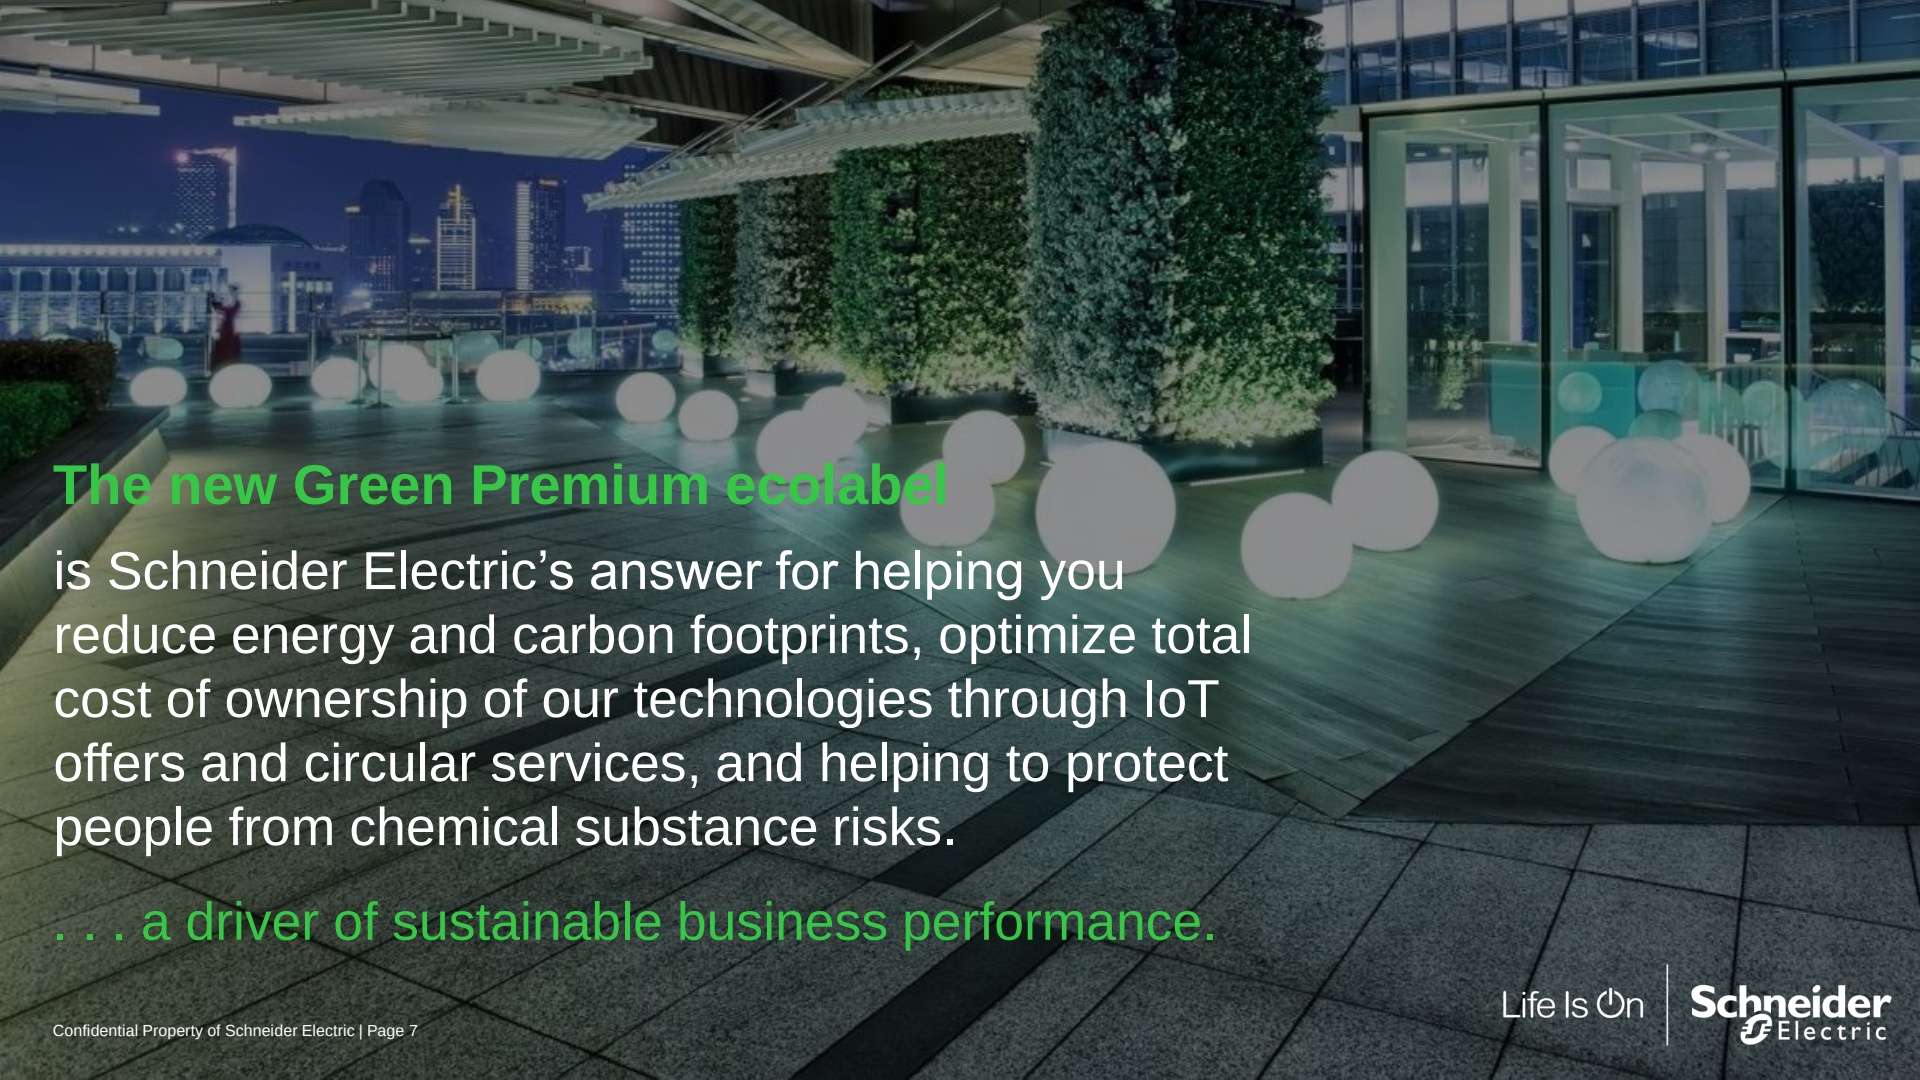
Circular performance

We're helping our customers optimize the total cost of ownership of their assets. For this, we provide IoT-enabled services, as well as upgrade, repair, retrofit and remanufacture services. Green Premium offers also come with digitally available 'Circularity profiles', providing information on offers' Circularity, product end-of-life instructions and take-back services.

Well-being performance

We're helping our customers to best protect their people from environmental risks they face. Green Premium offers are RoHS and REACH compliant. We're going beyond regulatory compliance with step-by-step substitution of certain materials and substances from our products. Compliance certificates are digitally available.

Life Is On Schneider Electric



The new Green Premium ecolabel

is Schneider Electric’s answer for helping you reduce energy and carbon footprints, optimize total cost of ownership of our technologies through IoT offers and circular services, and helping to protect people from chemical substance risks.

. . . a driver of sustainable business performance.
