WORKSafe® Respiratory Protection Solutions

Safety professionals and industrial hygienists face many challenges today amongst providing appropriate respiratory protection products and training to help protect the health and safety of their workers.

Most workers accept at face value the importance of wearing eye protectors, hard hats, safety boots and gloves because the unfortunate consequences of inadequate protection are immediate and dramatic. However, they may not recognize the importance of respiratory protection, because many potentially harmful airborne contaminants in the workplace often cannot be seen or tasted and their damaging effects may not be felt until years later. To help reduce worker exposure to airborne contaminants,

a comprehensive respiratory protection program must be established and included in any work environment.

WORKSafe® has a single focus - people protection. The central theme of People Protection is their mission and this is why the company develops and distributes products and services which deliver individual safety and protection in the field of work and leisure.

Fueled by extensive research and development, our WORKSafe® product line continues to grow from eye, hand, fall and body to respiratory protection. WORKSafe® listens and responds to the needs of the workplace. With our commitment to deliver superior product design and continuous technological improvement, the M-series N95 respiratory product solutions not only meet but exceed NIOSH 42CFR84 standards. The M-series respiratory products offer long lasting comfort, cost effectiveness and the protection which you can count on.

400WSRM210N95

WORKSafe® 400WSRM210N95 Particulate Respirator

Descriptions ▶

- Meets NIOSH 42CFR84N95 requirements. TC-84A-3323
- Lightweight construction
 - Promotes greater worker comfort
 - Contributes to increased wear time
- All filter design
 - Provides economical protection
 - No spare parts to clean and maintain
- Adjustable noseclip
 - Helps provide a custom fit and secure seal
 - Reduces the potential for eyewear fogging
- Excellent worker protection
 - Because they are comfortable to wear and easy to use, workers are quick to accept and use
- Packing
 - 20 pcs/ box

400WSRM247N95

WORKSafe® 400WSRM247N95 Particulate Respirator with Nuisance Level Organic Vapour Relief

Descriptions ▶

- Meets NIOSH 42CFR84N95 requirements. TC-84A-3323
- All filter design
 - Provides economical protection
 - No spare parts to clean and maintain
- Odor-removing filter material
 - Carbon layers remove many nuisance odors for greater comfort and productivity
- Lightweight construction
 - Promotes greater worker comfort
- Adjustable noseclip
 - Helps provide a custom fit and secure seal
 - Reduces the potential for eyewear fogging
- Excellent worker protection
 - Because they are comfortable to wear and easy to use, workers are quick to accept and use
- Packing
 - 10 pcs/box

400WSRM110N95

WORKSafe® 400WSRM110N95 Particulate Respirator

Descriptions ▶

- Meets NIOSH 42CFR84N95 requirements. TC-84A-4107
- A smaller alternative to the M210N95
- Lightweight construction
 - Promotes greater worker comfort
 - Contributes to increased wear time
- All filter design
 - Provides economical protection
 - No spare parts to clean and maintain
- Adjustable noseclip
 - Helps provide a custom fit and secure seal
 - Reduces the potential for eyewear fogging
- Excellent worker protection
 - Because they are comfortable to wear and easy to use, workers are quick to accept and use
- Packing
 - 20 pcs/box

400WSRM511N95

WORKSafe® 400WSRM511N95 Particulate Respirator With Exhalation Valve

Descriptions ▶

- Meets NIOSH 42CFR84N95 requirements. TC-84A-3904
- All filter design
 - Provides economical protection
 - No spare parts to clean and maintain
- Lightweight construction
 - Promotes greater worker comfort
- Adjustable noseclip
 - Helps provide a custom fit and secure seal
 - Reduces the potential for eyewear fogging
- One-Way Exhalation Valve
 - Offers easy exhalation for cool, dry comfort
- Excellent worker protection
 - Because they are comfortable to wear and easy to use, workers are quick to accept and use
- Packing
 - 10 pcs/box
