

FEATURES

- Locking nuts for heavy-duty applications
- Glass-filled nylon inserts
- A2 stainless steel

RS PRO, M5, Plain Nylon Insert Lock Nut

RS Stock No.: 521-939

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

From the trusted RS PRO brand, these lock nuts contain a nylon insert for safe and secure fastening. They are designed to remain secure despite conditions of severe vibration. The nut is made from A2 stainless steel with a bright zinc plating, for durability and environmental resistance over a long period of use. As it is A2 graded, it is even suitable for use in the food industry.

There are various metric sizes available:

- [521-917](#) is an M3 stainless steel self-locking nut
- [521-923](#) is an M4 stainless steel self-locking nut
- [521-939](#) is an M5 stainless steel self-locking nut
- [521-945](#) is an M6 stainless steel self-locking nut
- [521-951](#) is an M8 stainless steel self-locking nut
- [521-967](#) is an M10 stainless steel self-locking nut
- [521-973](#) is an M12 stainless steel self-locking nut
- [275-692](#) is an M16 stainless steel self-locking nut
- [275-709](#) is an M20 stainless steel self-locking nut

General Specifications

Thread Size	M5
Type	Nylon Insert
Material	Stainless Steel
Finish	Plain
Grade	A2
Applications	Domestic appliances such as washers and dryers, Industrial machinery, Automotive industry

Mechanical Specifications

Stainless Steel Type	304 A2
-----------------------------	--------

Approvals

Compliance/Certifications	RoHS
----------------------------------	------
