

FEATURES

- Releasable and reusable
- Easy to use and fast to install
- Suitable for a multitude of uses

RS PRO Black Nylon Releasable Cable Tie, 250mm x 7.6 mm

RS Stock No.: 811-1619

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

RS PRO releasable cable ties manufactured from Nylon 66 (also known as nylon 6.6) mean that they can be used more than once. They are ideal for work on prototypes, as they can be easily reopened to allow new wires to be added to a bundle. These cable ties are a type of fastener used for holding items together, most commonly electrical cables or wires and are a one-piece, self-locking fastener. Functioning like straps to keep cables tidy, they're available in a range of sizes.

General Specifications

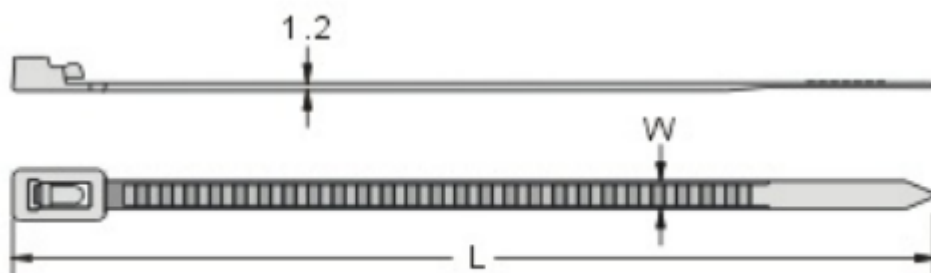

Type	Releasable
Colour	Black
Material	Nylon66
Application	Bundling wire together / applications in industries such as Cable management, Home/DIY, Garden
Fire Behaviour	Flame Retardant
Quantity	100

Mechanical Specifications

Length	250mm
Width	7.6mm
Tensile Strength	215.6N

Approvals

Standards Met	UL 94V-2
