

FEATURES

- Eliminates the need of soldering components in to test them
- 390 connection points
- 58 horizontal interconnections
- 4 vertical interconnections
- 4 switchable IC's
- 2.54mm hole pitch
- Strong ABS polymer body

Breadboard Prototyping Board 80 x 60 x 10mm

RS Stock No.: 102-9147

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

Our own RS Pro breadboard makes a practical and great use in everyone's electrical kit. It provides you an efficient and effortless way to easily test or learn circuitry. The breadboard is also ideal for prototyping new circuits or even temporary designs. It eliminates the need for soldering. This breadboard is 80x60x10mm so is small enough for most projects

General Specifications

Type	Prototyping Board
Colour	White
Application	Designing Simple Circuits, Build and test circuits, wiring electrical circuits

Mechanical Specifications

Dimensions	80mm x 60mm x 10mm
Length	80mm
Width	60mm
Height	10mm

Approvals

Compliance/Certifications	2011/65/EU and 2015/863
