RS PRO PCB Vice x 10mm

RS Stock No.: 221-7531

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

From the trusted RS PRO brand, this PCB support frame is designed to hold circuit boards for maintenance, inspection and assembly. The circuit board holder includes two adjustable crocodile clips for clamping the board in place, and an adjustable magnifying glass to work with precision where needed. The holder is easy to adjust, and placed on a weighted stand for portability when necessary.
