

## FEATURES

- Self-tapping steel screws
- Manufactured to UTS No. 4 dimensions
- 1/2 inch (imperial) or 13 mm (metric) in length
- Clear passivated bright zinc plating for superior corrosion and abrasion resistance
- Cross recessed pan-head and pozidriv-type drive for reducing screw and screwdriver damage during drilling

## RS PRO Bright Zinc Plated Steel Pan Head Self Tapping Screw, N°4 x 1/2in Long 13mm Long

RS Stock No.: 546-5632

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

## Product Description

These self-tapping screws create their own threaded holes, allowing you to fasten materials when you have access to only one side or surface. Simply position the screw over the joining materials and drill into place using a Pozidriv screwdriver.
