RS Stock No.: 852-5285

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

## Product Description

This RS PRO 5M HDMI (High definition multimedia interface) Cable is a Male to Male Ethernet cable is gold plated and designed to lock the connectors for a more secure connection, but is easily disengaged. Supporting high-quality video and audio with 24k gold plated copper contacts that resist corrosion and an optimum connection. HDMI cables that are of higher grade or thicker cables have a tendency of falling out of the socket. This cable is able to attach to the chassis, meaning it can provide a more secure connection without being loose or unplugged. The HDMI cable is ideal for use with 4K Ultra HD TV.
