

FEATURES

- A2 stainless steel construction for durability
- BS4320
- Available in a range of metric sizes

Stainless Steel Plain Washer, 1mm Thickness, M5 (Form A), A2 304

RS Stock No.: 527-397

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

RS PRO Stainless Steel Plain Washers

From the trusted RS PRO Brand, these stainless steel washers are generally used with a machine threaded fastener and nut to spread the load over a greater surface area when tightening a bolt, screw or nut. As they are made of stainless steel, they have an element of corrosion resistance and are suitable for use in many environments.
