# Heatsink Gull Wing Clip for use with TO-3P

RS Stock No.: 485-8881

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

## Product Description

This black heatsink gull wing clip is made to be used with the TO-3P model of transistor. The transistor can be attached to a heatsink to help cool components, such as those found in mobile phones, refrigerators and computers, and will prevent them from overheating. It can be affixed to a transistor with an M4 bolt, which can be purchased separately.
