RS PRO 30 x 12mm 4 Hole Stainless Steel Angle Bracket

RS Stock No.: 749-1686

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

These premium and compact angle brackets from the RS PRO range are ideal for mounting shelves or for reinforcing supports in timber frames. They're L-shaped, so are suited to connecting parts in order to create a right angle.
