RS PRO Plastic Folding Trolley, 405 x 380mm, 35kg Load

RS Stock No.: 669-3683

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

RS Pro Foldable trolleys and carts are used for transporting small parts and components plus are for general purpose use. The Trolleys are made from plastic, which can be folded flat when not in use and when opened up provide a secure open topped box. The folding trolleys are designed with a telescopic aluminium handle. You extend the handle when you wish to use the trolley and when not in use the handle retracts easily. Fixed plastic wheels ensure the trolleys are easy to move and transport components. An excellent general purpose trolley cart that is easy to fold away and in seconds transforms into a secure sided box with extendable handle.
