RS Stock No.: 135-8869

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

RS PRO USB mini fan for desktops. This fan is great for hot and stuffy environments as it replaces the hot air with cooler air, therefore, helping the individual to stay cool. This fan can be powered from any USB socket such as PC, laptop, power bank chargers or USB power adapters. This mini USB cooling fan is a very effective personal fan for your desk, suitable for home or office and the low noise operation will not disturb work or study.
