RS PRO USB Connector, Panel Mount, Socket 2.0, Solder, Straight- Dual Port

RS Stock No.: 143-8925

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

When you're looking for a dual USB 2.0 socket for panel mounting, turn to this USB connector from the RS PRO range. It conveniently mounts the two sockets in a single space-saving receptacle that can be fitted to a standard XLR format chassis. The output connection header pins can be soldered directly onto PCBs or connected by header cable.
