TECHNICAL DATA SHEET APLUS SAFETY SHOE

MODEL: A800

Introduction

A800 is optimized for usage for safety purpose in various sectors where a penetration resistance shoe is required and where users need to stand for prolong periods. As per requirements, it will protect the wearer from an impact of up to 200 Joules and a crushing force of up to 15kN in the toe area. Its comfortable design, thick in-soles, superb anti-slip performance & easy lace up feature makes it popular amongst users.

Characteristics

- Genuine leather
- Easy lace up feature
- Anti-impact steel toe cap
- Stylish & comfortable
- Lightweight
- Excellent anti-slip performance
- Provides impact cushioning for the whole foot
- Antistatic
- Oils and acids/alkalis resistant

Certification:

- 1) EN ISO 20345:2011: Personal protective equipment --Safety footwear
- 2) Singapore Standard SS 513
