## Datasheet

# Heavy Duty Longspan Shelving

**RS Stock Nos:** 230885, 230891, 230829, 230835, 230841, 230857, 230863, 230879 & 230908

- The Longspan Shelving System is recommended for storing heavy and bulky hand loaded items
- The system is modular so you can create starter and add on extension bays
- The high quality, heavy duty steel box beams and end frames form a rigid structure without the need for nuts and bolts
- Beams tap into place and can easily be adjusted to different heights
- Locking clips are supplied to help prevent accidental dislodgement of beams
- The shelf panels have a pre-galvanised finish and simply slot into the beams
- Uprights and beams are epoxy powder coated in the colours below.
- 1800W bays can take up to 767Kg UDSWL and 2400W beams can take up to 469Kg UDSWL. Max bay load 3000Kg for beam pitches less than 900mm**
- A minimum of 2 beam levels need to fitted per bay**

**You can create the following bay sizes with the components available:**

1800H x 1800W x 600D  
1800H x 1800W x 900D  
1800H x 2400W x 600D  
1800H x 2400W x 900D  
2100H x 1800W x 600D  
2100H x 1800W x 900D  
2100H x 2400W x 600D  
2100H x 2400W x 900D

**Upright Colour:**  
Graphite Grey  
BS5252 18 A14

**Beam Colour:**  
Light Grey BS 00 A 05

## Datasheet

# Heavy Duty Longspan Shelving What You Receive...

**RS Stock Nos:** 230885, 230891, 230829, 230835, 230841, 230857, 230863, 230879 & 230908

**RS Stock No. 230829** – You receive 1 x Frame 1800H x 600D

**RS Stock No. 230835** – You receive 1 x Frame 1800H x 900D

**RS Stock No. 230841** – You receive 1 x Frame 2100H x 600D

**RS Stock No. 230857** – You receive 1 x Frame 2100H x 900D

**Note:** You will need to order 1 x pack of clip on feet per frame ordered RS Stock No 230908

Image of a single frame

**RS Stock No. 230885** – You receive  
2 x Steel Shelf Panels 300W x  
600D

**RS Stock No. 230891** – You receive 2  
x Steel Shelf Panels 300W x 900D

**RS Stock No. 230863** – You  
receive 2 x Beams (one pair/  
level) 1800W

**RS Stock No. 230879** – You receive  
2 x Beams (one pair/ level) 2400W

## Datasheet

# Heavy Duty Longspan Shelving Making your bays....

**RS Stock Nos:** 230885, 230891, 230829, 230835, 230841, 230857, 230863, 230879 & 230908

Image of a starter and add on extension bay with 4 beam levels

**You must have an initial starter bay to connect and extension bay to**

### What to order to make your bay:

Component	Starter Bay	Extension bay
	No. Required	No. Required
Frames	2 packs	1 Pack
Feet	2 packs	1 Pack
Beams	Minimum 2 packs/pairs per bay	Minimum 2 packs/pairs per lay
Shelf panels	3 packs per 1800W beam level/ pair of beams 4 packs per 2400W beam level/ pair of beams	3 packs per 1800W beam level/ pair of beams 4 packs per 2400W beam level/ pair of beams
