Retractable Cone Topper Yellow with 3 meter Yellow and Black Tape

Feature:

Creates a more effective barrier than cones alone. Featuring four sided connections for cordoning off a restricted area or building a temporary barrier.

Simply connect the retractable barrier from the top of one cone to the other using the connection slots.

Product Details

- Designed to fit over most standard Traffic Cones
- Barriers interconnect to each other
- Automatic retraction function
- Minimal maintenance required

Please see next page for further information.

Physical Properties	Unit	Value
Material	-	Acrylonitrile butadiene styrene
Weight	kg	0.25
Height	mm	230
Diameter	mm	90
Tensile Strength	MPa	45
Hardness	Rockwell R	109
Abrasion Performance	mm ³ /1.61km	150
Elongation at break	%	180
Impact elasticity	%	15
Temperature Range	°C	-35 to 60
