

FEATURES

- Suitable for a multitude of uses including binding components or cable
- Easy to thread
- Manufactured from Nylon 66 material
- Cable ties are cheap, easy to use and strong.

RS PRO White Nylon Cable Tie, 143mm x 1.8 mm

RS Stock No.: 479-594

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

RS PRO beaded cable ties are a type of fastener used for holding items together, most commonly electrical cables or wires. These cable ties are made from Nylon 66 (also known as nylon 6.6) and are a one-piece, self-locking fastener that functions like straps to keep cables tidy. The unique beaded structure keeps wires from shifting or slipping and they have been designed to show at a glance if tampering has occurred, but in an emergency situation, breakaway as required. Ideal for cable and wire management for lightweight applications.

General Specifications

Type	Non-Releasable
Colour	White
Material	Nylon 66
Application	Automotive industry, Transportation, Aerospace Industry Oil and Gas industry, Cable management, Home/DIY
Fire Behaviour	Flame Retardant
Quantity	1000

Mechanical Specifications

Length	300mm
Width	4.8mm
Tensile Strength	215.6N
Maximum Bundle Strength	83mm

Approvals

Standards Met	UL 94 V-2, RoHS Compliant
