# RS PRO 15mtr USB 2.0 A-B USB Extension Booster Cable

RS Stock No.: 220-6499

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

**Product Description**

The RS PRO Active USB2.0 Cable is a bus-powered cable that can be used to increase the length of a device cable without worry of signal loss and potential performance problems. The specification for USB states that the maximum length of a USB cable is 5 metres. The cable contains active electronics which boost the USB signal for maximum reliability and performance over extended distances.

**General Specifications**
