

## FEATURES

- Beep sound warning
- Step/Auto select function
- Low battery indication  
Auto power off
- Small size - easy to carry
- Ideal for SOHO LAN installation

## RS PRO LAN Test Equipment of Distance to Fault

RS Stock No.:136-8580

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

### Product Description

Featuring a user friendly interface, clear verification of issues is made easy. Open, Short and Cross reporting is shown via LED's on the panel, including a Pass or Fail indicator all at the touch of a simple test button. A built in remote terminator can be detached for one-person cable testing and features end connectors either side of the unit. This tester is also able to test at a length of 1-350 meters.

### General Specifications

<b>Cable Type</b>	LAN, RJ45/STP, RJ45/UTP
<b>Test Type</b>	Distance to Fault
<b>Connector</b>	RJ45 Connector
<b>Display Type</b>	LED
<b>Tone</b>	Yes
<b>Length for Test</b>	1m to 350m (3ft to 1200ft)
<b>Operating Way</b>	Tact Switch Keypad
<b>Body Material</b>	Plastic

### Electrical Specifications

<b>Power Source</b>	Battery
<b>Battery Type</b>	9V

### Mechanical Specifications

<b>Dimensions</b>	103mm x 78mm x 32 mm
<b>Length</b>	103mm
<b>Width</b>	78mm
<b>Height</b>	32mm

## Operation Environment Specifications

<b>Maximum Operating Temperature</b>	50°C
<b>Minimum Operating Temperature</b>	0°C
<b>Storage Temperature</b>	-10°C to 60°C
<b>Humidity</b>	10 % to 90 % non-condensing

## Approvals

<b>Compliance/Certifications</b>	CE, RoHS
