RS PRO HSS 1/2 in BSPF Straight Flute Tap Tap Set

RS Stock No.: 152-378

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

Introducing 2 piece HSS (high speed steel) hand tap sets from our trusted own brand RS PRO, a range of sets with tools ideal for cutting thread into material such as metal bolts. The durable taps included in these sets are ideal for use with a tap wrench or drill, providing excellent results for a variety of applications. The sets include the 2 common types of straight flute taps including a taper tap and bottom tap, allowing you to carry out a range of tapping tasks from starting a new thread to cutting a straight thread as soon as the tap enters the hole. Taper tap features a 4° chamfer and the bottom tap features a 23° chamfer, offering a versatile set.

RS PRO 2 piece hand tap sets are available in the following sizes:

152-176: 1/4 in BSP

152-160: 3/8 in BSP

152-378: 1/2 in BSP
