- DIN912 standards
- Supplied in a polypropylene
- Socket Head Cap – strongest head style

415 piece Steel Screw/Bolt Kit, M3, M4, M5, M6, M8

RS Stock No.: 290-9612

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

From the trusted RS PRO brand, this set of high-quality hex socket cap socket screws have a hexagonal drive and a BZP finish. Socket screws are tightened using an Allan or Hex key, making them ideal for use in applications where externally wrenched fasteners are not practical because of a lack of space. Hex socket cap screws are used instead of hex bolts when less clearance is available, with a head height equal to the screw's shank diameter.

General Specifications

Number Of Pieces	415
Screw/Bolt Type	Socket Screw
Head Shape	Hex Socket cap
Drive Type	Hex Socket
Kit Contents	M3, M4, M5, M6, M8 screws
Applications	Fasteners and fixings, Security guarding, Facilities and maintenance, Automotive industry applications, Electronic applications, Domestic applications, Medical applications
