

- You can Tilt it
- You can Tow it, and when you fold it
- You can Stow it

Tilt-n-Tow is a safe, portable and strong mobile work platform. When you need a platform ladder for indoors or out, Tilt-n-Tow's the way to go!

Tilt and Steer Control Tilt-n-Tow

With a hand and two large wheels, moves easily in the open position without lifting or dragging. Simply take up the control and move it. Let the control go, and it is automatically in safe mode with no risk of moving as you step up to the platform. All skating and movement associated with designs that use springs is eliminated, and there is no movement as you work on the platform.

One control does it all creating a much safer product.

Take it from place to place on the worksite with no more lifting or carrying. Indoors or outdoors Tow Tilt-n-Tow behind you, -over concrete, gravel, grass or on stairs, and use your free hand for your tool box, or whatever else you need.

Fold it, and transport it in your Ute, Wagon, or on Roof Racks and when your not using it, simply hang it up, or store it flat against a wall.

Tilt-n-Tow automatic closing gate is available with an (POA) at the platform entry, protecting you from accidentally stepping off the front of the platform and making it much safer and easier to mount the platform with tools in hand.

Tilt-n-Tow is built strong to last, with a load rating of 150 kilos, and is designed to meet the requirements of Australian / New Zealand standard AS/NZS 1892.1:1996 & European Standard EN 131: Parts 1 and 2.

Tilt-n-Tow - the way to go - because it's simply a better platform ladder!
