RS PRO Plier Crimping Tool for Terminal

RS Stock No.: 488-1364

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

This trusted RS Pro hand crimp tool for flag crimp terminals. This right-angled hand crimp tool is designed for 250 F type flag crimp terminals with a wire size range of 0.5 to 2.0mm²/ 22AWG to 10 AWG. (F type crimp terminal 488-1336). The tool is designed to provide consistent and reliable crimp connections on end splices/ferrules wires. The flag terminal crimper features soft grip handles and a light-weight robust body, resulting in a durable and easy to use crimping tool.
