

# INSTRUCTIONS

## 6in1 Power Bank+Work Light +Magnet+SOS+Dimmer +Solar Panel

5V 1A USB  
Input

Max 2A USB  
Output

### General Tips

- Do not shine product directly into eyes.
- Close supervision is necessary for when the product is used near children. Do not allow the product to be used as a toy.
- When product is not in use, store in a cool place for longer battery life. Ideally charge for 1-2 hours before storing.
- Do not submerge in water.

### Cleaning

Ensure the product is switched off and properly cooled before performing any type of cleaning. Use only a moistened soft cloth to clean. Do not use solvents or abrasive cleaners.

Switch Function  
Light / Dimmer / SOS

Charge all your USB devices

(Units Not included)

### Charging your device

The power bank has a single USB output of 2 A, ideal for charging smart phones and other electronic devices. Note: If you are using battery intensive applications or features on your phone whilst using the power bank to charge it, you may not notice a big increase in the battery level as you are draining the phone battery at the same time.

### Charging the light

The utility light can be recharged from any USB port. To charge, simply plug the cable to the micro USB socket. **Only recharge when it is OFF.**

### Instruction

Press the power button once to turn lamp light on full power  
Press the power button a second time to switch the lamp light to medium power  
A third press for SOS mode  
Press again to turn OFF

### Caution

1. DO NOT use USB output to charge your mobile device while lamp's on. Please recharge the lamp to activate the battery in case you use both functions at the same time.
2. This portable light uses automatic identification technology. Please use a device that has fixed 5V DC output voltage (1A) to charge the light.
3. When the battery is exhausted, it will automatically turn off, connect the charger to use.
4. The light source contained in this luminaire shall only be replaced by the manufacturer or his service agent or a similar qualified person.
5. This appliance contains batteries that are non-replaceable. For the purposes of recharging the battery, only use the detachable supply unit provided with this appliance

RoHS CE
