## RS PRO Black, Yellow Impact Protector

RS Stock No.: 174-6003

RS PRO Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

## Product Description

The RS PRO Flexible guards are suitable to protect structures. They will protect from vehicle impact and prevent any other damages. Thanks to the polyurethane they are made of, they will recover their original shape after a shock. Fixations must be ordered separately.
