the leading brands without paying a premium price.

# Product Description ATTRIBUTE 1

# **M12 Connector Cable Assembly**

Brought to you under the trusted RS Brand, this range of M12 CC-Link connector cable assemblies are commonly used in high speed network for control and information data, with a transmission speed of 10 Mbps, CC-Link has a maximum range of 1200 m with up to 64 devices. Fitted with a secure coupling nut, these RS M12 Connector Cable Assemblies are left un-terminated and partially stripped at one end, and are an ideal solution for when secure and reliable data transference is needed.

#### Features and Benefits:

- CC-link (Control & Communication Link) with a transmission speed of 10 Mbps.
- Insulation Resistance >= 100 M $\Omega$
- Brass nickel plated coupling nut

#### **General Specifications**

| Rated Operational Voltage | 48 V AC, 60 V DC |
|---------------------------|------------------|
| Current Rating            | 4A               |
| Insulation Resistance     | >= 100 MΩ        |
| Temperature Range         | -25°C +75°C      |
| Coding                    | A-Coded          |
| Coupling                  | Thread Locking   |
| Tightening Torque         | 0.4 Nm           |
| Shield                    | Yes              |

#### **Material Specifications**

| Grip Material   | PU                  |
|-----------------|---------------------|
| Contact         | Cu-Zn               |
| Contact Plating | Gold Flash          |
| Contact Carrier | Nylon 66            |
| O-Ring          | Neoprene            |
| Grip Color      | Black               |
| Coupling Nut    | Brass Nickel-Plated |

#### Cable Specifications

# RS PRO M12 FEMALE TO MALE CONNECTOR

| Cable Length-L        | 10 m                            |  |  |
