## RS PRO Round Anti-Vibration Feet 20mm dia.

RS Stock No.: 172-0852

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

## Product Description

At first, this little inconspicuous Anti Vibration Feet might look reasonably simplistic. The power of this round anti-vibration mount, however, is appreciated by many users worldwide. We are proudly introducing RS PRO Anti-Vibration Mount that is suitable for commercial and domestic applications, such as rubber feet for chairs, rubber furniture feet, anti-vibration machine reducer or even as a door bumper. The versatility makes Rubber Mounts perfect solution to absorb, isolate vibrations and prevent noise. The extensive range of Mounts we are offering, apply on a much bigger scale to address infrastructural concerns with industrial-sized machinery. By using the Mounts on the product that has contact with a surface, you can be confident that limited movement and noise is under control. The lifespan for these black Rubbers is exceptional, which means this is a long-term investment. Anti-Vibration Mount protects not only the floor or machines, but they also safeguard people from a potential injury. Our range has been testified by engineers as giving comparable quality to that of the leading brands without paying a premium price.
