RS PRO

Thermal grease, 4.5W/m K

Stock No: 2065709

Technical Specifications:

Characteristic	Test Method	Result
Colour	Visual	Grey
Thermal conductivity W/m.K	ASTM-D5470	4.5
Thermal impedance °C-mm ² /W	ASTM-D5470	0.008
Operating Temperature °C	EN344	-40 to +200
Density g/cm ³	ASTM D792	3.4

Features & Benefits:

- No pump out or stability issues
- Easy to apply and rework
- Syringe dispense, also suitable for screen printing
- Good value

Applications:

- Communications equipment
- Automotive electronics
- Small office, and networking equipment
- Consumer and industrial electronics

Available product size: 40g

Approx dimensions: 150x30x30mm
