RS PRO 2m Mini DisplayPort Male to DVI-D Male Cable

Stock number: 186-3049

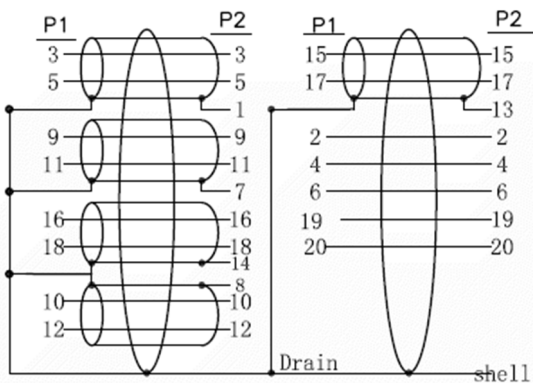

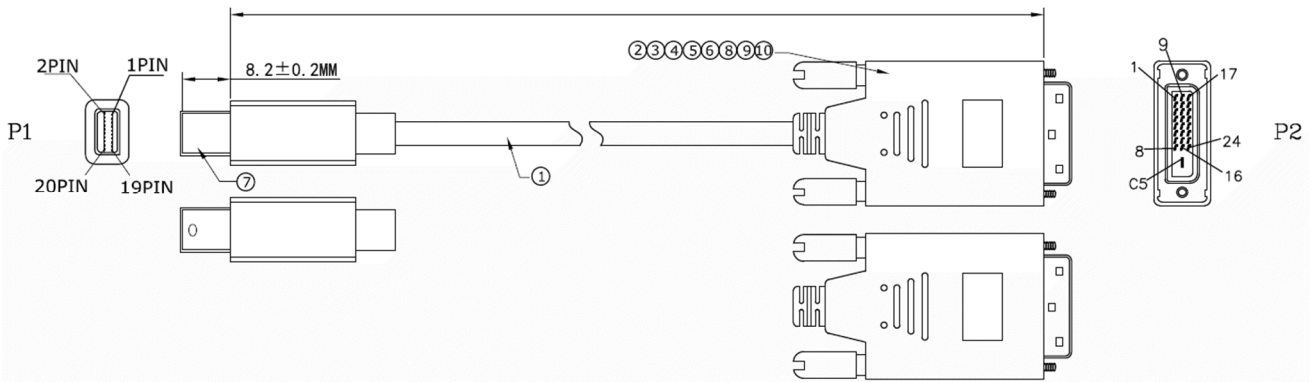

EN

Our RS PRO 2 metre Mini DisplayPort to DVI-D cable comes with a 20 pin male connector mini DisplayPort connector to a DVI-D male.

The connector hoods are made from black PVC and come with dust caps to protect the connector, and a strain relief on the end of the hood to support the cable.

There are three different types of DVI cables which all share a common connector, DVI-A(analogue), DVI-D(digital) and DVI-I(integrated).

DVI-D and DVI-I are also split into two types of cable, dual link and single link. Dual link has all the pins connected to achieve higher resolutions whereas single link may have the physical pins present but some will not be connected inside the cable.

10	MINI DP TO PCB 32AWG CLAM Black
9	30P Black PVC
8	DVI Dust cap
7	mini DisplayPort Dust cap
6	Screw, #4-40UNC 2.8*58.25MM nickel plated
5	DVI M (miniDP/DVI M PCB) ABS Outer lower shell color:Black
4	DVI M (miniDP/DVI M PCB) ABS Outer shell color:Black
3	45P Black pvc
2	Mini DP TO DVI M (gold plated PCB/15.5*28*1.2MM) PCB+SMT
1	MINI DP M TO M 32AWG OD:4.8MM L=2M Black gold plated
