

FEATURES

- Impedance of 75 ohms
- Strong black sheath
- High Performance cable assembly
- Standard plug to plug BNC connectors on both ends

RS PRO Male BNC to Male BNC RG59 Coaxial Cable, 75Ω

RS Stock No.: 426-2044

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

From the trusted brand RS PRO, comes a range of high quality coaxial cables. Constructed out of industry-standard components, these flexible cables have been designed to carry signals over long distances and are easy to install making them a fantastic solution for connections to networking systems

These RG59 cables are most commonly used for low-power video and RF signal connections. Variety of cable lengths offered in this range. 2m ([2843821](#)), 500mm ([4262044](#)), 5M ([4262117](#)) and 1m ([2843815](#))

General Specifications

Coaxial Type	RG59
Connector A	Male BNC
Connector B	Male BNC
Terminated/Unterminated	Terminated
Sheath Colour	Black
Applications	Connecting radio transmitters and receivers with their antennas, Computer network (Internet) connections, Feeding satellite signals through to your TV.

Electrical Specifications

Characteristic Impedance	75 Ω
---------------------------------	-------------

Mechanical Specifications

Length	500mm
Cable Shape	Coaxial

Approvals

Compliance/Certifications	EN61340
----------------------------------	---------

Dimensions: (mm)

Specification

Item	Description	Part
1	BNC Crimp Plug	VB10-2031
2	BNC Crimp Plug	VB10-2031
3	Cable	RG59
4	Strain Relief	VSR100
5	Strain Relief	VSR100
