RS PRO

Thermal grease, 8.0W/m K

Stock No: 2065714

Technical Specifications:

Characteristic	Test Method	Result
Colour	Visual	Grey
Thermal conductivity W/m.K	ASTM-D5470	8.0
Thermal impedance °C-in ² /W	ASTM-D5470	0.002
Operating Temperature °C	EN344	-40 to +200
Density g/cm ³	ASTM D792	3.2

Features & Benefits:

- No pump out or stability issues
- Easy to apply and rework
- Suitable for screen printing
- Good value

Applications:

- Communications equipment
- Automotive electronics
- Small office, and networking equipment
- Consumer and industrial electronics

Available product size: 1kg

Approx dimensions: ???x??x??mm
