## HAWAI HARNESS

EX240-01 (size M-L)  
EX240-02 (size XL-XXL)

### Product Description :

Work positioning belt full body harness

- 2 fall arrest attachment points
- 2 work positioning points

Very comfortable thanks to its horizontal legs straps (reduces friction on the groin area), its top down shoulder strap adjustment (smooth and easy), and comfortable dorsal and leg pads (ease donning and increase comfort at work).

Equipped with fall indicators, park points and quick connect buckles with anti-reverse system (ensure correct donning of the leg straps)

**Certified to EN361 – EN358**
