G410

### G400 Lever-Action Bucket Pump

Fits 5-gallon buckets. Includes pump, 18" drum cover and 4' delivery hose. Perfect for transferring transmission fluid or heavier fluids.

### G401 Lever-Action Barrel Pump

Fits 16- to 55-gallon drums. Delivers 10 oz. per stroke. Includes standard bung bushing. Designed for transfer of petroleum-based, non-corrosive liquids. Rugged, corrosive-resistant finish. Curved metal spout features threads to fit all garden hoses.

### G402 Rotary Barrel Pump

Cast iron pump head for transferring petroleum-based, non-corrosive fluids. Comes with standard bung bushing. Delivers approximately one gallon per 18 revolutions of handle. Great for commercial, automotive, farm and industrial applications.

### G404 Grease Gun Filler Pump

For bulk filling grease gun G102 or any gun using filler nipple G907. Fits 5-gallon buckets. Comes with follower plate, drum cover and filler adapter.

### G410 Plastic Barrel Pump

Fits 5-, 6-, 15-, 30- and 55-gallon drums with 3/4" or 2" drum opening. For use with mild chemicals, antifreeze, detergent and petroleum-based products.
