

## FEATURES

- Ground flute
- longer life
- Black oxide finish
- low breakages
- Cuts faster and lasts longer

# RS PRO 19 piece Metal Twist Drill Bit Set, 1mm to 10mm

RS Stock No.: 213-001

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

## Product Description

RS PRO offers this exceptional Drill Bit Set made from HSS for high-performance, offering more resistance than high carbon steel bits. It contains a great selection of the most commonly used diameters from 1mm to 10mm in 0.5mm increments. These High-Speed Steel (HSS) are constructed from a single piece of high-speed steel, thus reducing breaking and blunting under heat or stress. Manufactured in accordance with DIN 338 for high precision tolerances and geometric accuracies.

## General Specifications
