

Datasheet

RS PRO 10mtr Active HDMI M-M High Speed with Ethernet Cable

Stock number: 182-8903

EN

The RSPRO 10 metre male to male active HDMI cable which has a white PVC jack and an outer diameter of 7.3mm. The connectors have a gold flash covering to prevent corrosion.

The connector hoods are also made of white PVC with a strain relief to prevent the jacket splitting around the boot.

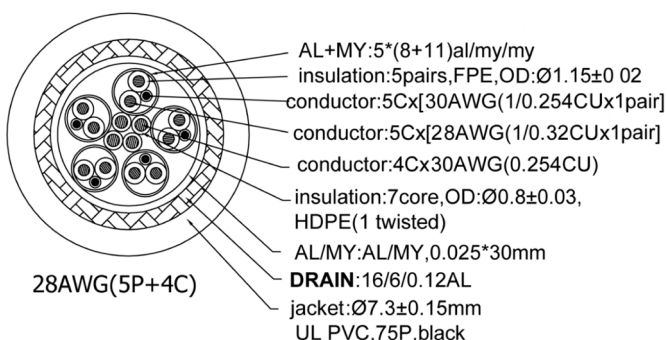

The USB connector is for extra power and not needed under normal use.

With this cable being an active cable and not bidirectional, it is important to take care in the way in which the cable is connected. The Input connector connects to the device and the output (USB end) connects to the display.

HDMI is possibly the most common display connection on the market which can be found on devices ranging from PC's, Bluray players, games consoles and more.
