RS Pro 220V ac 1 Fan Ioniser

RS Stock No: **877-2466**

Product Details

RS Pro bench-top fan ioniser is a small and compact lightweight fan ioniser that is suitable for bench-top working surface. This ioniser features steady state DC auto-balancing with integrated closed-loop feedback. The unit is normally placed at one end of the workbench or area to be neutralised for faster neutralisation. The sealed thru-tunnel air flow design is suitable for rapid access maintenance with less than 1.5 s for 1000 to 100 V discharge over 30 cm.

Features and Benefits

- Steady state DC ionization and patented sense feedback balancing
- Small and compact
- Rapid access maintenance
- Provides automatic balancing of the ionization system
- Sealed "Thru-Tunnel" air flow design
- Faster neutralisation times
- Less than 1.5 s 1000 to 100 V discharge time at 30 cm
- Balance ± 5 V voltage offset

ENGLISH

Specifications:

Fan Speed	Variable
Type	Bench Top
Area Coverage	40 x 91 cm
Number of Fans	1
Supply Voltage	220 V ac
Width	15 cm
Depth	8 cm
Height	24 cm
Air Volume	50 to 100 cfm
Standards Met	RoHS Compliant; Meets EN 61340-5-1 Tested per ANSI/ESD STM3.1
