

FEATURES

- Economical means of combatting vibration, whilst still acting as a plain washer
- Made from grade A2 stainless steel, offering superb resistance to corrosion
- Comply to BS 4463

RS PRO Square Nuts

RS Stock No.: 2334214

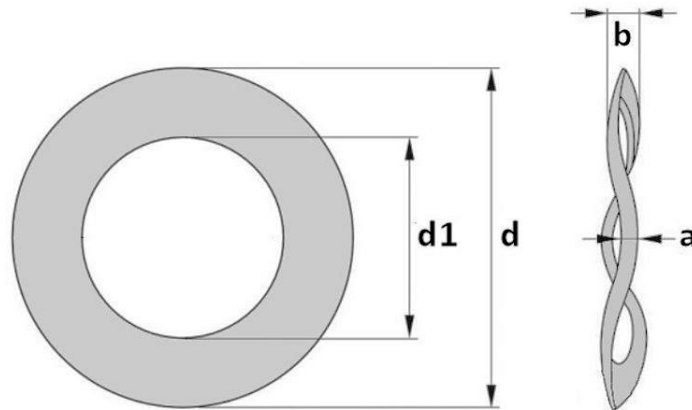

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

Crinkle washers are generally used to provide an element of locking and vibration resistance in a fastener, while still fulfilling the purposes of a plain washer, namely spacing, and distributing load between the fastener and material, helping to prevent the wear and distortion of installation surfaces over time. The A2 grade stainless steel offers superb resistance to corrosion, ensuring long life and suitability for external as well as internal applications, and some specialist environments, such as the catering industry. All washers comply to BS 4463.

General Specifications

RS Stock No.	Finish	d1 (mm)	d2 (mm)	a (mm)	b (mm)
428616	A2 stainless steel	2	4.42 - 4.6	0.16	0.38 - 0.53
428622	A2 stainless steel	2.5	5.62 - 5.8	0.16	0.38 - 0.53
428638	A2 stainless steel	3	6.18 - 6.4	0.16	0.46 - 0.61
428650	A2 stainless steel	4	7.88 - 8.1	0.28	0.69 - 0.84
428666	A2 stainless steel	5	8.98 - 9.2	0.30	0.74 - 0.89
428672	A2 stainless steel	6	11.23 - 11.5	0.40	0.99 - 1.14
428688	A2 stainless steel	8	14.73 - 15.0	0.40	1.25 - 1.40
2334214	A2 stainless steel	10	19.27 - 19.6	0.55	1.55 - 1.70
