

# AC Current Clamp

---

## Description

Smaller sized, convenient-to-use AC current clamp-on Adaptor

## Application

This is the ideal tool to extend the current ranges for all Multimeters. This is a 200A AC current clamp-on Adaptor with voltage output via a standard banana inputs to be connected to multimeters.

## Specifications

Function	Range	Output	Sensitivity	Basic Accuracy
Current AC	20A	1mV/A	1A/mV AC/DC	±2.0%
	Accessories: Test leads and Carrying case.			
	Size (H x W x D): CP-10/11: 190mm × 70mm × 40mm			
	Weight: CP-10/11: 200g			

## Part Number Table

Description	Part Number
