

CARPET EXTRACTION CLEANER

DESCRIPTION

CARPET EXTRACTION CLEANER is a concentrated, low foam carpet cleaner designed for extraction cleaning of carpets made of either natural or synthetic fibres.

Features

- Highly concentrated
- Strong penetrating action that provides effective removal of soils and stains.
- Economical in use
- No rinse is required.

TECHNICAL SPECIFICATION

Appearance	: Green liquid
Odour	: Mild lime
Boiling Point	: 100°C
Specific Gravity	: Approx. 1.05 @ 20°C
pH (10% Sol)	: 8.5 ± 0.5

PRECAUTION

Use with adequate ventilation. Avoid prolonged contact with skin. Before using **CARPET EXTRACTION CLEANER**, always read precaution and handling procedures as prescribed on container label.

APPLICATION & USE

1. Before using **CARPET EXTRACTION CLEANER**, always vacuum first to remove dust and rubbish.
2. Make dilute solution of **CARPET EXTRACTION CLEANER** with either warm water or plain water. The recommended dilution rate is 1-part **CARPET EXTRACTION CLEANER** to 20-50 parts of water.
3. Pour the diluted cleaner into solution tank of the machine.
4. Connect the solution hose and vacuum hose directly to wand handle of the machine.
5. Squeezing the solution level of the machine to release solution, clean the carpet backward.
6. Keep the site well ventilated and close the area to public until carpet gets completely dried.
7. Vacuum to pick up minute dust.
