14 POSITION, GOLD / TIN PLATED, HIGH TEMP**

Stock number: 1831562

### Product Details

RS PRO Series Machine Pin Sockets offer a full range of exceptional quality, high reliability DIP package Sockets. Our sockets feature solid, precision turned sleeves with a closed bottom design to eliminate flux intrusion and solder wicking during soldering. Stamped spring copper insert provides an excellent connection and allows repeated insertion and withdrawals. Plating options include choice of gold, tin or selective gold plating. Our insulators are molded of UL94V-0 high temp thermoplastic.

### Features:

High Pressure Contacts, Precision Stamped Internal Spring Contacts, Anti-Solder Wicking design, Machine Insertable, Single or Dual Row, Low Profile
