TOOL CABINETS, CHESTS AND MODULES SELECTION GUIDE

TOOL KITS IN ROLLER CABINETS

Tool System Solutions from RS PRO for Garages, Factories and Workshops

Our revised program consists of various combinations of tools for users in different industries, presented in roller cabinets with the highest build quality. All the tools in the system are offered in double colour EVA modules, each tool has its unique 3D cutout slot for a comfortable and snug fit. This system helps inventory control by the detection of missing tools at a glance, contributing to your overall economy and efficiency. All the mechanical hand tools in the system are guaranteed against defects in material and production.

RS PLUS

RS Tool Modules

Increased efficiency in workshops, missing tools can be identified at a glance thanks to the two colour design.

3 dimensional cut outs for each tool for a comfortable, snug fit

Finger spaces for easy removal of tools

Chemically resistant high quality EVA material

Easy identification of missing tools
