

Mailer DLT/LTO/CD 1 Capacity

DESCRIPTION

Holds 1 DLT / LTO / 5.25" tape cartridge or 2 CD / DVD (Standard Case) or 4 CD / DVD (Slim Case).

1. Double walls protect from extremes in temperature and humidity

2. Outer wall absorbs impact much like a crumple zone in your car

3. Moulded individual plastic slots eliminate shaking, or rattling

4. Pad lockable

The cases come equipped with one pad lockable hasp moulded directly into the case for superior strength. High quality ABUS padlocks and Media Vault single use seals are available as an option to keep your items secure within your case.

5. Manufactured of High-density polyethylene (HDPE)

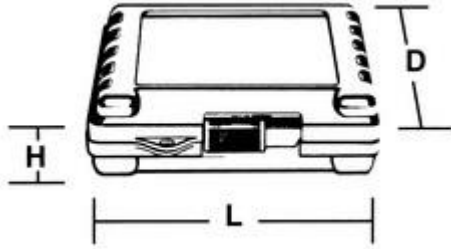

HDPE is a non-magnetizable, corrosion resistant material and has a high strength-to-density ratio with great durability, weather and wear resistance. It is commonly recycled, with the number "2" as its resin identification code.

5. Stackable - Turtle Cases are stackable with other cases of the same size.

6. Meets airline carry-on regulations

7. Lifetime warranty against manufacturing defects
